F. H. A. Chapters Attend Dist. Meet

Two local chapters of the Future Homemakers of America attended the District 9 convention on Nov. 9 at Ft. Lauderdale High School.

Fifteen girls from the Cooperative F. H. A. Chapter and 15 from the Belle Glade High School Chapter were transported on a bus driven by Mrs. Egle Johnson. Chaperones were Mrs. Hazel Littlefield, FHA sponsor, Mrs. Phyllis Johnson and Miss Jan Bottoms.

The group left Belle Glade at 7:30 a. m. and arrived in time for registration which began at 9 a. m. During the morning program three of the girls gave campaign speeches for district offices. Miss Irene Abbey was a candidate for president; Miss Joyce Kirchman candidate for district reporter and Miss Pat Fishler candidate for secretary.

Pat Fishler will represent Palm Beach County for the state office of secretary.

The candidates made a good representation for the chapter. Miss Anna Marie LaChance and Miss Barbara Stone were the voting delegates for the chapter.

After the results of the election were announced in the afternoon program, a glamorous fashion show was presented by Jordan March. Every one enjoyed the day and were well pleased over the results.

Delicious refreshments of pumpkin pie, whipped cream, nuts and coffee were served by Mrs. J. P. Halbrook, Mrs. Charles Nicks and Mrs. James McNeil were voted unanimously to old the Christmas party.

Other guests were Mrs. J. F. Browne, Mrs. Ray Browne, Mrs. P. C. BG Group Attends U. S. Savings & Loan Meeting In D. C.

Mr. and Mrs. Robert Mathews, Mr. Walter Hooker and Mr. Mrs. Wm. B. Rhodes attended the U. S. Savings and Loan League meeting held in Washington D. C., November 4-8. The trip was made by jet.

After reaching there on Sunday they attended the Pop Concert Sunday night which featured the National Symphony Orchestra under the direction of Howard Mitchell, held at Constitution Hall.

While the men were attending the business forums, the ladies were entertained at a brunch with Mrs. Pearl Meade, U. S. Minister to Luxembourg who welcomed the delegate wives to Washington and shared her reminiscences of a most interesting, useful and distinguishing life. They also heard the "Buffalo Bills" of "Music Men" fame who sang songs from that play and others.

Also on the program was a visit to a foreign embassy and Mrs. Mathews and Rhodes chose the Belgium Embassy, which they reported was in the form of a castle in Paris with beautiful grounds and furnishings.

The group also enjoyed the President's Ball on Monday and the president reception and banquet on Wednesday night. During their spare time they enjoyed seeing some of the historical monuments and landmarks, which included "The Changing of the Guard" at Arlington Cemetery, and Jefferson and Lincoln Memorials, Mount Vernon, the White House and the Smithsonian Museum.

"THE TIME FOR GRATITUDE"

Thanksgiving... Needs Cultivation

By Rev. W. R. Boland

At this season of the year we are cultivating our crops to help produce a good yield from our farms. In the field of Christian Graces we need also to cultivate one very necessary plant called GRATITUDE. Most people actually have more gratitude than they express. As was the case of the nine lepers who were healed by Jesus, we fail so many times to stop a moment and thank our great benefactor in life.

Thanksgiving is a time for all of us to stop and "count our blessings" and see what God has done for us — then to spend some time in offering thanks to God for his providential care.

Our Pilgrim forefathers had little, compared to us, to be thankful for but they set aside a time for a service of gratitude for their blessings.

May we stop awhile and consider our blessings and be grateful.

Christian Science Church To Observe Thanksgiving Day

A special Thanksgiving Day service will be held in this area by First Church of Christ, Scientist, Belle Glade, Florida.

Everyone is welcome to the service, which begins at 11:00 a. m. Thanksgiving morning in the church office at S. E. Ave. E at 1st.

Prayer, hymns, and a prepared Bible Lesson-Sermon are all a part of the service, which also includes a period for spontaneous expressions of gratitude by church members in the congregation.

The entire congregation will join in reading these Bible verses included in the Responsive Reading: "Now therefore, our God, we thank thee, and praise thy glorious name. . . O Lord our God, all this store that we have prepared to build thee an house for thine holy name cometh of thine hand, and is all thine own." (1 Chron. 29:13, 16).

On Sunday before Thanksgiving, a special radio program entitled "The Time for Gratitude" will be presented on the weekly Christian Science radio series, "The Bible Speaks to You." It's broadcast locally over station WSWN Sunday at 12:45.

Churches of Christ Scientist

Spiritual healing will be a topic dealt with at Christian Science services Sunday in a Lesson-Sermon on Sunday in a Lesson-Sermon on the subject "Mortals and Immortals."

Scriptural selections will include this verse from Matthew: "And when he had called unto him his twelve disciples, he gave them power against unclean spirits, to cast them out, and to heal all manner of sickness and all manner of disease." One of the correlative citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states:

"Every day makes its demands upon us for higher proof rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfill." (p. 233).

Local Pastor Attends Fla. Baptist Convention

Rev. Luther A. Key, pastor of First Baptist Church is attending the Annual Session of the Florida Baptist Convention at Daytona Beach, which convened Nov. 13 through Nov. 15.

Rev. Key was one of the Florida Baptists was open for discussion and reports heard regarding education from two committees. A special committee brought recommendations concerning Stetson University and the Educational Commission reported on the convention relations to future educational procedures.

For World's Hungry

Protestants Ask \$1,009,110 During Thanksgiving Season In Special Appeal

American Protestants and Eastern Orthodox Church members will be asked for \$1,009,110 in a special appeal during the Thanksgiving season to finance the Share Our Surplus Program, through which more than 10 million of the world's hungry will receive U. S. surplus foods.

The 1963 SOS appeal goal was announced by Canon Almon R. Pepper, chairman of the SOS committee of Church World Service, National Council of Churches, which sponsors the program on behalf of major American denominations.

SOS foodstuffs — 330,000,000 pounds valued at approximately \$150 million — are scheduled for distribution in 1963 to the world's hungry in 32 areas of acute need in Asia, Africa, Latin America, Europe and the Middle East.

These foods used in the overseas programs of the churches are made available from U. S. Government surplus stocks in excess of the amounts first set aside to relieve need in the United States.

The foodstuffs include wheat, flour, bulgur (a processed wheat derivative), beans, cheese, butter, ghee (butter oil), corn meal, powdered milk and cooking oils.

During 1962, over 300 million pounds of free food are being distributed by Church World Service through the SOS program.

Since 1952, SOS foods sent overseas by the churches have been given to victims of disasters, used in supplemental feeding programs for orphans, widows, school children, hospital patients and the aged, and distributed to refugees and others in distress.

Under new regulations, certain surplus foods are also used as partial payment to workers in community betterment projects such as construction of roads and schools, thus enabling those who are helped to help themselves.

Every dollar given to the SOS appeal provides for the distribution of more than 300 pounds of life-sustaining food overseas.

This is possible because most of the foods are donated from U. S. Government surplus stocks and most of the inland and ocean transportation costs are paid by the U. S. Government or the governments of recipient peoples.

Funds sought in the SOS appeal are for the necessary costs of final distribution, administration and supervision.</

BOY SCOUT ACTIVITIES

Troop 601 On The Go

Manning the cold drinks booth at the Halloween Carnival began a bus schedule for the Scouts of Troop 601.

Senior Patrol Leader Eddie Haines took 9 scouts on a five mile hike the following week. The hike was a success in all class requirements. The boys said they were so engrossed with the job that nothing out of the ordinary happened. They did drop in and visit with Troop 621 at their camping area, and enjoyed the fellowship and rest before completing their hike.

At the regular monthly Troop Committee meeting, Thursday night plans were made to conduct a Court of Honor November 29th.

Definite committee assignments were made to cover Troop activities through December.

Fourteen Scouts turned out for a work party Saturday afternoon at the home of Scoutmaster R. H. Lewis. Camp gear was marked with the name of the owners, a few articles of camp equipment were made. The hardest work was the foot ball game after the work party.

The boys are looking forward to the Council Camporee next weekend, November 16th, 17th, and 18th at Camp Tanah Keets.

Dr. Wilson Speaks

To USDA Club

On Kenaf Breeding

Dr. F. Douglas Wilson, Plant Geneticist with the U. S. Department of Agriculture, Cotton and Cordage Fibers Research Branch of Belle Glade, presented a very interesting program on kenaf breeding to the Everglades USDA Club November 7, at the Branch's County Farm Experiment Station, Lake Worth.

Dr. Wilson, a native of Utah, received his first two degrees at the University of Utah and his doctorate at Washington State College. He joined the USDA staff at the Everglades Experiment Station shortly after graduation in 1937.

While the club members toured the kenaf breeding nursery, Dr. Wilson discussed various phases of the genetic program with kenaf. Some of the important considerations in breeding kenaf is to obtain resistance to root-knot nematodes and to de-

velop varieties that are photoinensitive. Kenaf, HIBISCUS CANNABINUS, is an annual of the MALVACEAE family. The species is said to be indigenous to Africa. Its fiber, obtained from the plant stem, is used in the manufacture of twines, burlap, fabrics, camouflage netting, and bags, and carpet backing. During periods of international conflict, fibers become strategic materials, therefore breeding for better fiber is of extreme importance to our country.

Dr. M. Y. Menzel, guest from the C & CFB at Tallahassee, commented on chromosome studies and difficulties of cross-breeding. A demonstration was also presented by Mr. Otto Richey on how kenaf flowers are cross-pollinated since the nursery was in full bloom.

The regular luncheon-meeting of the Club was held at the Royal Palm Beach Inn, just prior to visiting the Farm. Of-

ficers were elected for this year as follows: President, Dr. F. D. Wilson, Vice-President Mr. Weldon H. Cardin, Secretary, Mrs. Irene Douth, and Treasurer, Mr. Donald Waddell. Members at Experiment Station, Mrs. Mills Byrom was also a guest of the club.

The Kennedy boys, John F. and "Little" brother Robert were "talked about" by a Mississippi Circuit Judge in his charge to the Grand Jury.

Belle Glade's Rams have scored 155 points against conference teams and have allowed 13 points — they have made 25 touchdowns while allowing 2.

They are ranked fifth in statewide comparison, and one enthusiast voted for the Rams over Miami High. It means something to be the ONLY team considered against Miami High.

Doyle Conner's department has "about 1,200 full-time regular employees in nine divisions" performing services for agriculture and it's associated businesses. The department inspects brake fluid for cars, pesticides, fertilizer and synthetic milk.

Organized labor is now "going for 30 - 32 - 36-hour weeks" with the same pay. They SAY it's to provide jobs for more people. "Sumpin' fur nothin'" is a way of life that will not continue. Labor should cultivate the theory of an "honest day's work for an honest day's pay" instead of "gimme-tits." They can't scare a majority of the voters a majority of the times — there's a day of reckoning coming.

UNCLE DAN from DOOLIE says:

Dear Mister Editor:
I see by the papers where this Secretary of Labor says it ain't that we got so much unemployment in this country, that what we got is a "readjustment." Back during the war, ever time Hitler had to retreat, he announced he was getting "disengaged from the enemy." When a feller is unemployed under this new "readjustment" plan, I reckon that means he has got disengaged from his job.

The fellers at the country store Saturday night was trying to put this double talk together and git it to fit. Ed Doolittle said he figured it was a "readjustment" when your neighbor lost his job, a depression when you lost yours, and a panic when your wife lost hers. Could be, Mister Editor, that President Kennedy should've made Ed his Secretary of Labor. At least, you can understand what Ed's talking about.

Clem Webster allowed as how this "readjustment" might be having a heap to do with all the suicide that's in the papers lately. Clem claims he was reading about five men killing themselves in one day in North Carolina. Zeke Grubb didn't agree, argued that we ain't never had a time in history when a man had more to live for. For instance, claimed Zeke, the average feller ain't got his house paid for, his car paid for, his TV paid for, and the chances was 10 to 1 he was behind with his taxes. Everybody agreed with

Zeke they wasn't no excuse for a feller killing himself on account of not having nothing to live for.

Bug Hookum reported that he had saw in the papers where the Internal Revenue folks in Washington has announced official that, starting this year, the cost of medicine for hay fever is full tax deductible. Ed allowed as how that was mighty good news on account of all the sickness in his family this year come original from hay fever.

The session, as usual, final got around to wimmen and they was one or two comments that might be worth putting in the minutes. For instance, Josh Clodhopper said he saw a piece in the paper by some fashion designer saying the new fashions for wimmen was going to try to make wimmen look like wimmen again. Personal, Mister Editor, what they been wearing ain't left much doubt about the matter.

And one feller said he saw a piece in the paper about a man in Atlanta the other day donated a loudspeaker to his church in fond memory of his wife. On account of my old lady reading my little piece here ever once in a while, I ain't got no comment to make on this last item.

Yours truly,
Uncle Dan

SECOND GROWTH by Ruth Moore. This presents a segment of life in a New England town inhabited by a realistic mixture of good and bad, likeable and unlikable, individuals. A newborn baby rescued from the town dump innocently becomes one of "triplets" and is a major force in motivating the action which involves, among others, the abandoned child's respectable but misled mother, his hard hearted, but prosperous grandfather, the town doctor, nurse and the newly arrived, middle class owner of the leading local industry.

SOLD TO THE LADY IN THE GREEN HAT by Emma Bailey. The country's first woman auctioneer describes how she got her start in this novel occupation and tells of her ups and downs until she became firmly established in the eyes of her male counterparts and also her fellow townsmen. She also gives many hints on how to be able to get the best buys when attending an auction. Many humorous incidents keep the story more than interesting to all.

THE CHINESE GINGER JARS by Myra Sovell. The story of the adventures, trials and achievements of an American housewife who went to China with her medical missionary husband and infant son. Through the years they were able to help, and learned to

love, the people and country. The transformation of China by the Communists, living under Japanese house arrest for a year, and finally a Japanese internment camp for the family which was by then six, is skillfully interwoven with humorous incidents.

Heart Association To Present Public Service Program In BG

MRS. BEE WOOD, center, Belle Glade Heart Representative and Committee members left. Mrs. Cordelia Tucker and right. Mrs. Lillian Smith, who met recently to help formulate plan for the program.

The Heart Association of Palm Beach and Martin Counties, is sponsoring a free program for the general public, on the care and rehabilitation of the cardiac and stroke patient.

The program is designed to help the cardiac and stroke patient and their families. In a series of six sessions, the family is instructed in home care of the patient and improved equipment is made to aid easier care and the comfort of the patient. Personal problems, necessary adjustments to the illness and demonstrations of aid for rehabilitation are discussed.

The program has been planned for three areas, Delray, Jupiter-Hobe Sound and Belle Glade. The Belle Glade program is scheduled for March 12-14, 19-21, 26-28.

THANK YOU

Mrs. Effie Allen who was dismissed Friday afternoon from Belle Glade Memorial Hospital, sends thanks to the doctors, nurses and aides for their kindness during her nine-day hospital stay for treatment and observation. The cards, visits, gifts and flowers from many thoughtful friends were very much appreciated.

Mrs. W. C. Allen

Dyrene

50% WETTABLE POWDER FOLIAGE FUNGICIDE

Dyrene effectively combats early blight, late blight and Rhizoctonia... Greatly increases Celery Yields... Upgrades Quality

Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In 5 years of cooperative research and commercial use, Dyrene has proved its outstanding

ing control of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage... does not affect flavor or odor... leaves no harmful residue. For finer celery and more of it, use Dyrene. It works! At your farm supply dealers.

Marine Private James W. Bryant, son of Mr. and Mrs. Ernest F. Weathers of 225 Northwest 12th dr., Belle Glade, Fla., completed four weeks of individual combat training October 22 with the Marine Infantry Training Regiment at Camp Lejeune, N. C.

The training provides newly enlisted marines with a background of experience in the field under combat conditions. Live-firing exercises are conducted, in addition to field trips and classroom lectures. Under carefully selected instructors, the young marines learn to take their places in small fighting units, such as the four man-fire team and the 14-man squad.

From pure luxury to pure performance,

your Chevrolet dealer's One-Stop Shopping Center covers all the bases!

How's this for variety? The Jet-smooth '63 Chevrolet, luxurious enough to beat more expensive cars at their own game (and less upkeep, too, in the bargain) . . . the new Chevy II, all spiffed-up to make saving more fun . . . a new optional* 150-hp Spyder

package that makes the sporty Corvair Monza second only to the all-new, all-out Corvette Sting Ray for exciting going. With four entirely different kinds of new cars like these to choose from, you can see why just picking your '63 Chevrolet is a ball by itself!

CHEVROLET

The make more people depend on

'63 CHEVROLET IMPALA SPORT COUPE—Looks expensive? Look twice at the price.

'63 CHEVY II NOVA 400 STATION WAGON—Gives modest budgets lots to brag about.

'63 CORVAIR MONZA CLUB COUPE—Lets your whole family get into the sports-car act.

Ask about "Go with the Greats," a special record album of top artists and hits and see four entirely different kinds of cars at your Chevrolet dealer's—'63 Chevrolet, Chevy II, Corvair and Corvette

OLD Mr. BOSTON

YE INTELLIGENT BUYER'S GUIDE TO FINEST LIQUORS

CAN YOU MAKE BETTER EGG NOG THAN WE CAN?

We make our ready-mixed Egg Nog with the finest brandy, rum, whiskey, grade "A" dairy products and spices.

Old Mr. Boston blends this rich, delicious egg nog from a traditional New England recipe, then homogenizes it to stay smooth to the last sip. It's as fresh and creamy when you open it, as it is the moment it's made. And it keeps that way, ready to serve anytime. (Also available in tenths and 1/2 pints.) We don't think anyone could make better egg nog. But if you're stubborn, read on.

OLD Mr. BOSTON Egg Nog

IF YOU THINK YOU CAN DO BETTER, TRY THIS:

Buy a bottle of each of these fine Old Mr. Boston liquors:

RECIPE: Add 3 ounces Imported Rum, 3 ounces Five Star Brandy, and 3 ounces Rocking Chair Whiskey to each quart of prepared egg nog from your local dairy. Mix well and serve chilled in glasses or cups. Sprinkle nutmeg to taste.
